apathetic throughout the day. In the last hour the railway list and the Granger shares notably broke rather rapidly on rumors as to the extent of the damage wrought to the winter wheat crop by the severe weather conditions of the spring. These reports have been ignored for some time, but to-day they were reinforced by the rather sharp advance in the wheat market, and hence carried more weight than heretofore. The money market on call was very steady throughout the day: at the same time no loans were made above the legal rate of interest and many of the banks reduced the rates on standing loans to under 5 W cent. The firmness of the money market was due to a call by the Government upon the depository banks for a return of part of the money held by them against last year's war It is understood that the Government will require the repayment of about \$1,000,000 a week for some time to come, but against this the cash holdings of the New York banks are apt to be soon increased to the extent of the payment by the Treasury of the Spanish indemnity of \$20,000,000, which disbursement will be made as soon as the ordinary diplomatic formalities have been complied with. The Industrial stocks were not particularly conspicuous in the day's dealings, and for the most part, moved in uniformity with the general market. There was no definite news bearing upon them, or upon the other stocks which were conspicuous in respect to

The cotton trading v	as mor	e active t	o-day, bu

The cotton trading was more active to-day, but it was composed largely of liquidation by tired longs, and accordingly prices declined. Moreover, Liverpool was lower, the South sold and there was more or less bear selling. Stop loss orders were caught on the way down, accelerating the decline. Continued favorable weather conditions, too, were reported throughout the cotton belt. It was clear everywhere with temperatures ranging from 49° to 78°. The port receipts were comparatively small but they had no effect. Liverpool bought the old crop months, and local shorts covered, while there was some new buying for local and outside account. This buying caused some rally from the lowest prices. Rome, Ga., April 10.—"Weather has been very bad in this section. Very little planting in southern part of the State, and none here: planting will be rushed and land not properly prepared; this kind of work hardly ever produces good crops."

COFFER—Rio on the spot was steady at 45-162 6%c. for No. 7. Sales of 1,500 bags Maracabo and 1,000 Savanills. Futures were quiet and unchanged. Sales, 6,250 bags. Havre and Hamburg were unchanged to 4 lower. American warehouse deliveries, 14,511 bags. Rio was firm and unchanged; receipts, 9,000; stock, 254,600; exchange, 6 31-33d., a decline of 1-32d. Santes was firm and unchanged; receipts, 9,000; stock, 454,000. Prices as follows:

United Zinc and Lead Company

(Incorporated under the Laws of the State of New Jersey)

SHARE CAPITAL . -

\$6,000,000

Full Paid and Non-assessable. Divided into

40,000 shares 8% Preferred Treasury Stock of \$25 each 200,000 shares Common stock of \$25 each THIS COMPANY is organized for the purpose of consolidating a number of the best producing Zine and Lead properties in the Missouri-Kansas District, which have heretofore been operated in a superficial manner by individual workers.

RETURNS FROM ONE PROPERTY-Comprising 40 Acres: Lead lbs. Zino lbs. Total value Year. 104,076.41 3,432,130 1898 5,408,160 112,164.37 2,603,130

This property is now paying a net royalty of from \$1,200 to \$1,500 per week. THE PROPERTY TO BE ACQUIRED

With one-half the capital, shows net earnings of \$200,000 per annum, and comprises first leases on 600 acres of producing land and the fee title clear from encumbrance on 800 acres of drilled and proven mineral ground. THE UNITED ZINC AND LEAD COMPANY

Has no debt and no encumbrance on its property. The \$1,000,000 8 per cent. preferred stock not only has the preference of earnings, but also is a first lien upon all of the assets of the company, making the preferred shares equal to a first mortgage bond. The income will be from royalties to be received from leased mines upon its property, and the only fixed charges will be the expense for collection and remittance of weekly earnings and the superintendence of the property.

\$500,000 PREFERRED TREASURY STOCK Is offered for public subscription at \$25 per share and a bonus of 25 per cent. of common will be given. The right is reserved to accept or reject any or all subscriptions or make proportionate allotments. Checks for subscription should be made payable to the International Trust Company of Boston. MARCH QUOTATION RECORD SENT ON APPLI-CATION.

MINING NEWS A letter from Salt Lake City states that a vein of elaterite has been discovered in Garfield county and that the owner is looking for an Eastern market for the ore.

Four dredges are operating on the place bars at Bannock, Mon. They are turning over 10,000 cubic yards a day at a cost of three cents per yard.

The Evening Star has joined the ranks of

Rossland shippers: its output last week was thirty-six tons. During the three months ending March 31 the Le Roi shipped 14,145

Rossland shippers; its output last week was thirty-six tons. During the three months ending March 31 the Le Roi shipped 14,145 tons, the War Eagle 4,322 tons and the Iron Mask 562 tons.

Two large air compressors have been ordered by the United States Mining Commany, which recently took over the Old Telegraph and other large properties at Bingham, U-ah, It may take a year before the work mapped out is completed and meantime there will probably be no shipments.

During 1848 the Rio Tinto mines of Spain, which, with the Anaconda of Montana and the Calumet and Hecla of Michigan, formerly controlled the copper market of the world, produced 33,882 tons of copper and copper pyrites. Dividend, payments from the year's earnings amounted to \$4,220,800, and the reserve fund, which is now \$500,000. Was increased by \$230,000. Four per cent, bonds to the amount of \$232,100 were also redeemed. The output of the Anaconda during 1888 was about 60,000 long tons, and that of the Calumet and Hecla about 40,000 long tons.

Clitton, Ariz., is elated over the activity on the Copper King group which was recently acquired by the New England Copper Company. A complete reduction plant, consisting of smelter, concentrator and converters, has been ordered, and development work is to proceed on an extensive scale. Clitton believes that the successful working of these mines by foreign capital will be the leading step toward making the district the greatest copper producer in Arizona.

The North Star Mining Company of California has declared its eleventh dividend of \$50,000. Its Stockbridge mine at Grass Valley is now producing about \$35,000 a month. The central vertica shaft for the development and operation of the New York Hill and North Star Mining Company has been incorporated under the laws of New Jersey to take over the business of the North Star Mining Company, and the sentence of the North Star Mining Company, and the property of the old company and \$500,000 of Pered to the stockholders of that company at part. Silv per share, to be

says he knows of no other section of the coun-try that offers such fine opportunities for suc-cessful gold mining.
